<b>Comments</b>	<input type="text" value="Myself and my 9 year old son attend most OUFC matches. The prospect of a sustainable stadium that I can travel to by train instead of car is very appealing. The club and the stadium will be the Jewell in the crown of the north Oxford development that is currently underway. Football supporters bring revenue, jobs and strengthen communities. Oxfordshire has very few professional sports facilities and it deserves to have a high quality stadium to support the club and the wider community in the City. Oxford United has always been a community based club and this new facility will enhance the whole City."/>
