<b>Comments</b>	<input type="text" value="The planning proposal submitted by Oxford United to build a new stadium at The Triangle has so many positives for both the county of Oxfordshire and the local community. As a young person with family ties to the county and a regular visitor to the Kassam over ten years, before going to university, the public transfer links and electric eco friendly build are hugely impressive compared with the present environmentally unsustainable stadium. Community initiatives will only be enhanced by a hub that can be accessed by all and economically the benefits to Kidlington throughout the year will be huge. The detail in the proposal is staggering and gives the county an unbelievable opportunity to be at the forefront of a progressive, forward thinking development to be accessed and enjoyed for years to come."/>
