Organisation Name	<input type="text" value=""/>
Address	<input type="text" value="78 Grange Road, Banbury, OX16 9AU"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Dear CDC. As a 64 year old lifelong resident of Oxfordshire and a supporter of Oxford United since 1968, I am glad to have this opportunity to write and express my support for the application. The football club are an important and integral part of the fabric of the county and give pleasure (and pain!) to the thousands of fans who reside in the county and beyond. This is an exciting opportunity for the club to find a home with which these supporters can truly relate and feel a belonging which the Kassam Stadium has never imparted. The club, its players, officials and supporters require the stadium as a platform to push forward and achieve its goal of playing at a higher level which will bring a positive view of the city to many more people. The club have stated their aim of delivering a sustainable arena featuring many innovations that will make the stadium a leader in design and management. Of course, first team success is hopefully just one facet of the project that will also bring a new home and base to it's women's team to prosper from together with the various junior and youth teams developing local talent from across the county. Aside from the football aspects, Oxfordshire is woefully short of large venues for conferences, meetings and events which the club would be able to host and hold having the hotel incorporated in the same venue. This would bring, national and international reputation enhancing events to the county and district bringing revenue and prestige to the area. This is an opportunity for the club and county to work together to deliver these facilities for the benefit of all its stakeholders, local or otherwise. Enhance and elevate the reputation of the club, the area and the people of Cherwell and Oxfordshire having a world class venue to boast was conceived and delivered by working together for the good of the residents of the county whether local or further away. CDC, as a resident in your area I appeal to you to please give your full support to this proposal and make the district proud to have such an asset inside its area of responsibility. Such an opportunity may never be repeated. Let us not miss out."/>
