<b>Comments</b>	<input type="text" value="I would like to place on record my support for the planning application for the new stadium development at the triangle site close to Kidlington. The development of this site will provide much needed employment, a chance for Oxford United to become financially secure for future generations, great facilities for the local community and actually improve the biodiversity on the site. All this will be achieved whilst building and operating the greenest, most sustainable stadium development in the country."/>
