Comments	<input type="text" value="I am writing in support of this planning proposal for a new stadium on the triangle site. I am a proud Kidlington resident and I'm raising my family here. I love this village and the community. I think the new stadium will be incredibly positive for the village. Giving young people improved sporting facilities and a fantastic world class stadium on their doorstep. I'm particularly pleased with the green credentials of the stadium proposal. I would have no problem with the very small inconvenience of occasional increases in pedestrian, cyclist, train and vehicle movements on match days. The benefits just massively outweigh any negatives."/>
