Comments	<input type="text" value="I believe the new stadium offers great hope and opportunities for the Ox5 community. Both of my children live in the area and I believe their generation will benefit in a number of ways. I believe that schools in Kidlington, Yarnton, Begbroke and surrounding villages will benefit from having a professional sports club in the area. I also think that the club will provide job opportunities for local residents during the construction phase and once the stadium has been completed. I am in full support of the new stadium being built on 'the triangle'."/>
