Comments	<input type="text" value="I am in favour of this application as i am a current Oxford united season ticket holder, i suffer with mental health problems and the club has always been very helpful to me however accessibility from where i live to the current stadium can be difficult and stressfull, i would definitely use public transport (a bus) to the new stadium and would go with friends, this would be extremely beneficial to my mental health and also to a number of my elderly friends."/>
