Comments:
As a resident of Oxfordshire and as an Oxford United supporter I support this planning application:

1. The stadium will provide an excellent state of the art, sustainable facility with much improved public transport links.
2. It will provide economic benefits for the local community, providing jobs and investment
3. The design is in line with local and national guidance with respect to build, transport and the environment
4. It will provide an improved sports facilities to Kidlington
5. It will improve an inaccessible area of poor land by adding trees and biodiversity whilst also maintaining the green strip of Woodland Trust land to the south of the site.
