<b>Comments</b>	<input type="text" value="There are so many benefits to come out of allowing Oxford United to build this stadium. The Social benefits towards youngsters eager to get into football because of local footballing legends(many of whom will be playing at this very stadium and without that would be a huge loss for the city and the up amd coming generation of potential boy and girl footballers. The Social benefits also extend to mates, families and relatives who would come together on a matchday to share a drink over some chat and embrace the atmosphere this club can produce at the new stadium. Mental Health is a big thing nowadays but please don't underestimate JUST HOW MUCH this football club gives everyone a break every other Saturday for 3 hours in which they can feel one with fellow supporters, as a family, which does wonders for their mental health. Thankyou."/>
