Comments	<input type="text" value="I am horrified at the potential traffic chaos that this development could cause . It seems to me that no account is being taken for the whole picture of development in this area :- Wolvercote , Oxford North and Kidlington . At any problem the roads become gridlocked from lack of planning and heavy use of the system . I have heard that you intend that football supporters will attend games by public transport ---- pie in the sky , of course they won't ."/>
