Comments	<input type="text" value="As part of the proposal, OUFC have stated in the Planning Statement they will look at appropriate opportunities to enhance sports provision at Stratfield Brake Sports Ground. CDC would welcome further details of these enhancements and the opportunity to comment. The information submitted mentions Oxford United in the Community (OUitC) and how they use the power of football to inspire the people and communities of Oxfordshire to have positive aspirations for their futures. OUitC is looking to expand to include the Kidlington area. The new stadium in Kidlington along with the proposed expansion of the OUitC work will increase the interest in football in the vicinity. It is important that OUFC recognise this increased interest and support the enhancement of local facilities in order to ensure the local community has the opportunity to participate in football at every level."/>
