Comments	<input type="text" value="As a wheelchair user, Cherwell resident and follower of Oxford United for the majority of my life; this development is not only imperative for the future of Oxford United but also imperative due to the associated benefits it will bring.

Not just in terms of state of the art facilities but also in increasing accessibility for all to additional entertainment, food and beverage facilities and increasing use of public transport in the district. Disabled access to these kind of elements is something that is still massively lagging behind in certain areas of the County. This is a chance, not only to consider all sides and arguments but also make a statement in terms of accessibility and inclusion within what could be leading facilities for the County and even the country in so many aspects; not just football."/>
