Comments	<input type="text" value="what a design it looks fantastic, it would be great for not only Kidlington but Oxfordshire as a whole, with its activities, health, education and green space to name a few of the benefits. Also a massive plus is also the economic benefits for Kidlington everyday but especially on match days. The amount of jobs which will be created at the stadium full time and part time. Also an important factor another 250 trees being built and going from a 90% car usage stadium to a 10/15% one. Lets build this stadium and make Oxfordshire proud."/>
