

Comment for planning application 24/00539/F

Application Number	<input type="text" value="24/00539/F"/>
Location	<input type="text" value="Land To The East Of Stratfield Brake And West Of Oxford Parkway Railway Station Oxford Road Kidlington"/>
Proposal	<input type="text" value="Erection of a stadium (Use Class F2) with flexible commercial and community facilities and uses including for conferences, exhibitions, education, and other events, club shop, public restaurant, bar, health and wellbeing facility/clinic, and gym (Use Class E/Sui Generis), hotel (Use Class C1), external concourse/fan-zone, car and cycle parking, access and highway works, utilities, public realm, landscaping and all associated and ancillary works and structures"/>
Case Officer	<input type="text" value="Laura Bell"/>
Organisation Name	<input type="text" value="Raymond Morris"/>
Address	<input type="text" value="44 Wise Avenue, Kidlington, OX5 2AU"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I understand that the planning permission for the stadium has been separated from that of the pedestrian access to Oxford Parkway. I should like to request that Oxford County Council's requirement for no road closures, be respected, and that any planning permission is contingent upon the main Oxford/ Banbury Road remaining open at all times, and safe measures being provided for fans to cross the road. This would mean crossings above and/or below ground level, and fencing to stop people simply crossing the road en masse. I feel that it is unfair to restrict residents rights of access for a majority of people who have no interest in local considerations. I believe that it is the District Council's remit to protect local residents' and voters' rights, rather than the interests of overseas businessmen who are simply looking for profits, which will be remitted out of the country, whether or not this is done behind a screen of a locally liked and appreciated organisation."/>
