Comments	<input type="text" value="This application contains an option for road closures which have already been ruled out by the council and should be rejected on that point alone. This is for Oxford United, not Oxfordshire United and therefore the ground should only be located in Oxford. The residents of the surrounding villages are already having to put up with Oxfords overflow housing as the refuse to build on their own brownfield / greenfield sites but are happy to take ours. We are not a suburb of Oxford and nor do we want to be. This will devalue our homes as well as create numourous parking issues and we do not want nor need parking restrictions just because oufc are too arrogant to negotiate a better lease on their current stadium and are trying to take the cheap option at the expense of non Oxford residents."/>
