Comments	<input type="text" value="I fully support the new stadium at the triangle.

As an Oxonian for over 61 years it is high time that this great city has a stadium it can be proud of and will benefit everyone from Oxfordshire and exiled Oxonians.

The position of the new stadium could not be in a better position with fantastic road links,a railway station metres away and good parking facilities nearby.

As an Oxford United fan with my wife,sons and in-laws ,nephews ,we often travel the country going to games and are always a little bit envious of other clubs facilities and the willingness of their local councils to make things easy and pleasant for supporters of the home team and visiting fans.
Following Oxford United is very much a family affair with many women and children attending.

This is a great opportunity for our fantastic city to have facilities to be proud of in a perfect place .

I understand not everyone is a football fan and have outdated views of what a football fan are like but it is so important to many thousands of Oxonians and people like my 2 sons who live in Glasgow and London who will find it so much easier to attend on the train to visit family and attend a game.

I hope to take the train to games from Radley with my wife.

The new stadium will have huge benefits for local people for employment etc.

This is a fantastic opportunity for councillor's to make a decision to benefit 99% of Oxford people from all walks of life,young,old ,boys and girls with something we can take great pride in.

Kind regards
John"/>
