<b>Comments</b>	<input type="text" value="I support this deveopment as it be fantastic for OUFC and the county as a whole with new jobs being created and excellent facilities the complex will provide,also Stratfield Brake will be better looked after by OUFC at no cost to tax payers. Although i now live outside the county i am Oxford born and bred.I currently drive to the Kassam for matches making a 100 mile round trip but the new stadium being next to the Parkway station means it will easier to use trains instead,i'm sure many many others will also use trains to get to the new stadium. Oxfordshire compared to neighboring counties has few recreational facilities such as top class rugby and cricket and race courses so please pass the plans for this wonderful once in a life time opportunity...Thank you for taking the time to read this."/>
