Name	<input type="text" value="Mike Terry"/>
Address	<input type="text" value="3 Westcot Farm,,Westcot,,Oxfordshire,,OX12 9QA"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I would implore the decision makers to support the build of the stadium alongside any additional ancillary services. I am a local business owner and the benefits that this would bring to the economy, the people of Kidlington and wider Oxfordshire is an opportunity that we as a community cannot and should not pass up. In a time where the economy is weak, this could spearhead at the very least Kidlington business.

Whilst I hold a vested interest in local business, arguably more importantly is the consideration that the youth of Kidlington shall receive better sporting facilities and the opportunity to inspire a new generation (young and old) to engage in sport matched by a much needed boost for council finances. This is further supported in the knowledge that Oxfordshire's only professional sports team can continue flying the flag for our wonderful county.

This is incredibly important on a number of counts. I do not live in the Kidlington postcode, however I would favour and embrace the proposed net-zero stadium by way of adopting alternative and more environmentally favourable transport methods. Many across Oxfordshire I am certain would make similar efforts, even if it's to see a stadium of it's kind for the first time.

This is a fantastic opportunity to bring the whole county together and to set a precedent for future commercial and residential builds to follow a similar eco-friendly build. To object would be a travesty.

Thank you."/>
