Comments	<input type="text" value="I support the proposal being an Oxford girl who has always followed Oxford United it would be great to have our own stadium .
Perfect location for all modes of transport being near to train station and connecting roads. Football is a very family orientated environment especially for my family who get the chance to meet up and enjoy the football and the atmosphere it brings .
Local people will benefit and it will bring e-commerce into Oxfordshire.
Most major cities and towns have a football team to support and Oxford should be one of those cities as we need to keep things like football and any sport in our children's lives and football clubs do much more than playing the game in the local communities , helping with the disabled, mental health, women's football and many more things .
Please support Oxford United on this matter .

Lynn Lydon"/>
