Comments	<input type="text" value="Oxford United is a community and without this permission being granted it's existence is under severe threat. My main bond with my Dad through adolescence and into adulthood is going to the football, and I now have a 1 year old little boy of my own. I would be heartbroken if when he's older there's no Oxford United, or indeed major stadium in Oxfordshire to take him to.
I sit with someone who is pretty much distraught at the end of every season, and really struggles without the routine and friendship of football every other week for 3 months. To have that taken away entirely would be devastating for thousands of Oxfordshire residents. I understand people have legitimate concerns around the stadium, people who live in this district will have a different perspective, but I hope that the voices of fans like myself, wherever they live, aren't discarded or watered down somewhat because of the likelihood of supporting the plans."/>
