Comments	<input type="text" value="I am writing to make you aware of my support of Oxford United's stadium build proposal in Kidlington.

Having grown up in Kidlington and spent 18 years living there and visiting regularly over the past 20 years as my family and friends still live there, I have seen the place grow and grow, however, the amenities have been left wanting and have not grown at the same rate as the village's population.

Oxford United's planned stadium build in the area would not only provide much-needed economical and infrastructural growth to the location but also opportunities for continued development for both communities. Imagine a Kidlington with the latest sports facilities available to its youth community, visitors from across the country and beyond, new restaurants, cinemas, schools, medical facilities, engaging activities, local and national events, positive media coverage....etc

Having lived near both QPR's Loftus Road and now Brentford's GTech community stadium, the importance of a local football club and the positive impact it can provide a community is tangible. Oxford United deserve a home in the county and Kidlington provides the perfect location for them to lay their hat, close to home and surrounded by all its friends and family.

I am an Oxford United fan, but I am, and will always be a Kidlington boy. Let's do it for all those other boys and girls from Kidlington, giving them what they deserve. A brighter future!"/>
