<b>Comments</b>	<input type="text" value="As someone with autism I struggle sometimes with school however the thing that pushes me through all of my struggles is the ability to meet up with my mates at the football on a Saturday. It's the highlight of my week. I attended my very first Oxford United game before I was even a year old, before getting a season ticket with my gramps at the age of 7. Without a new stadium there will be no Oxford United and the club I have supported since birth will be gone forever. This would have detrimental effects to people like me with their mental health with football being the most important thing in there.&lt;br/&gt;&lt;br/&gt;I am therefore urging you to support the bid for a new stadium. It is a perfect location given all of the public transport links. I also have cerebral palsy and therefore can't drive. This means that currently to attend games I have to get a train into Oxford and then a bus which can sometimes take over 1hr to get to the ground. The new location being just minutes away from Oxford Parkway station by foot is ideal for people like me who rely on public transport to get about.&lt;br/&gt;&lt;br/&gt;Please do the right thing. Support our Stadium Secure our Future!"/>
