Name	<input type="text" value="Kayleigh-May Falkner"/>
Address	<input type="text" value="16 Springfield Road,Caversfield,Bicester,OX27 8TT"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Without the development of the new stadium at the triangle, Oxford United will be homeless is 2026. This could cause the club to dissapear and a safe supportive community environment to be lost forever.

The new proposal has so many environmental benefits, including mindful green spaces, and becoming the stadium with the second closest train station - encouraging all fans to attend using public transport. This is a huge improvement in comparison to the Kassam being the second furthest away from a train station.

When looking at community aspects of the move, the creation of a new stadium at the triangle will improve the number of jobs locally alongside improvements to local sports teams facilities. The local community will benefit largely economically which will in turn feed the local area and help Kidlington and surrounding areas to grow and improve.

This is a huge opportunity to improve an already welcoming club and improve the local community.

I strongly support the proposal to build a new stadium at the triangle and I hope everyone else agrees and progresses this."/>
