Comments	<input type="text" value="I would like to express my total support for the proposed new stadium at the triangle. Without the stadium the county's only professional football club will die. The club means so much to thousands of people and this cannot be allowed to happen.

The proposed new stadium will be a huge benefit to so many people, bringing jobs and other benefits to thousands. It will also be a lot better for the environment with greatly improved public transport links meaning less car transport to and from the stadium. I, for one, will definitely stop using my car and will take full advantage of park and ride bus services from Witney.

Please do not allow our great club to die. Please do not let this great opportunity for the whole of Oxfordshire to pass by. Please support this new state of the art, environmentally friendly, stadium."/>
