<b>Comments</b>	<input type="text" value="This football ground is so important to everybody connected to the club. Generations before have enjoyed supporting the club, it's really important we let the future generations do the same. Everybody knows this really is the only option as Firoz Kassam will not sell the present ground which is why the club has been forced to look elsewhere.&lt;br/&gt;&lt;br/&gt;Ask the residents in the surrounding area of the present ground how much they have really been affected since the ground opened in 2001. I bet its minimal.&lt;br/&gt;&lt;br/&gt;Having the train station and buses so close to the triangle will massively limit away fans from 'piling' into Kidlington and causing any trouble. I really don't believe the village if Kidlington will be massively affected by the ground, I think there is a lot of scaremongering going on by the few that don't want it 'in the backyard'.&lt;br/&gt;&lt;br/&gt;Please, please, please do the right thing for the vast, vast majority and clear this planning application so we can get building ASAP."/>
