<b>Comments</b>	<input type="text" value="There is a perfectly good stadium on the Grenoble Rd that can accommodate OXFORD Utd Football Club. The ground upon which the stadium is built was given up for the use of a football stadium. To build a new stadium elsewhere shows a total disregard for this city and its planning. The current owners of the current stadium have a duty to maintain a service to the public and to maintain this site in a well kept manner. To build a stadium elsewhere is to be held to blackmail by the current owners of the current stadium. The building of a new stadium is a political/ commercial decision that will not benefit the city of Oxford, Cherwell district council, Kidlington or the surrounding area. This will lead to illegal actions with regards to the redevelopment of the Grenoble Rd development and bring all contributing councils into disrepute."/>
