Comments	<input type="text" value="This is a fantastic opportunity for Oxfordshire to have a world class sporting facility for Oxfordshire s only professional football club to plan in. It will bring many benefits to local businesses especially a much needed boost to various hospitality companies. The club is the life blood of many people in the community and this location is perfect to enable many supporters to attend matches via public transport along with great road infrastructure. This development will give the community a great natural break from the mass proposals of both housing and student accommodation being proposed in this area. Remember Oxford United carry out fantastic community work for many different groups. I urge the council to grant planning position for this based on the perfect position the stadium would be in and the incredible benefits for the local community and beyond.many thanks John Willmot"/>
