| <b>Comments</b>           | <input type="text" value="I believe that the proposed stadium would be a great development for Oxfordshire as a whole. This is because Oxford United is a valuable community asset, which is close to the hearts of many people across Oxfordshire. Therefore, ensuring the long term future of the club by providing a suitable home is essential, as without a stadium to play in, I worry that OUFC will be forced to permanently play their home matches away from Oxford, which would have a very negative effect on the community, and also leave Oxford as the largest city in the UK without a professional football club playing there. If delivered as proposed, I believe that the new stadium would provide an innovative new stadium to Oxfordshire, with many other professional clubs using the new stadium as a benchmark for future stadium developments."/> |
