Comments	<input type="text" value="I support planning permission to be granted to Oxford United Football Club to build the new purposed stadium at the triangle because this would save the only professional Club in the county.
Myself a fan of 40+ years aswell as other my family members have been supporting the club for over 70 years my father was taken to watch headington United as it was know then by my grandfather who was a resident of Kidlington 50+ years before his death as well as his siblings and mother and father .

What has been purposed is a once in a lifetime opportunity both for the club and Kidlington to gain from this opportunity
Financially, economically, commercially, raise employment in the area bring new opportunities from generations to come ,
I hope decision makers look at this for future generations and not the here and now as if we reject on the basis of a few people that may not be here long enough to see the fruits of this project in years to come when my now 5 year old becomes 25 and hopes and dreams of becoming an Oxford United player playing maybe in the Premier league and European football, making use of the London Oxford Airport bringing fans from across Europe to the village of Kidlington and the city of Oxford

Many thanks
