Comments	<input type="text" value="I think the idea of closing oxford Road for at least half an hour every game is unacceptable. Traffic is terrible around this area now let alone if the stadium is approved. All Traffic will have to be redirected along frieze way so every one from Kidlington, Deddington, Bloxham etc will be forced to go to the yarnton roundabout mixing with the yarnton, Enstone, woodstock, Hanborough etc vehicles. This is going to be bedlam. Cars already park on the new wide paths through yarnton. At the kassam stadium, the cars park all down grenoble Road. If the new stadium is approved this will happen all down frieze way and all down to yarnton. We already have nightmare Traffic when blenheim have special events and with the stadium the whole area will be inaccessible to locals. Why can't, as Mr kassam has said numerous times, oxford united extend their current lease . The stadium is only 20 years old and will have to be demolished. This isn't very environmentally friendly. North oxford simply do not want this stadium. It will massively devalue the house prices in the area. No one wants to live in an area that you can't get into or out of every other weekend and once or twice a weekday night. Many thanks, Jason Elford."/>
