Having been a resident of Oxfordshire for over 40 years, and having been brought up and lived in Kidlington for 20 years, we need this stadium and the investment and infrastructure that is associated with it! My mum and Dad still live in the high street and my brother in mead way!

For too long Oxford and Kidlington in particular has been the left behind with little or no investment in the area. The people of Oxford need a community club to get behind! Kidlington and its residents will benefit hugely from this stadium and its surrounding investment.

Oxford United FC have a sound and suitable plan to support the environment, the transport structure, the local residents and this is a fantastic opportunity that Kidlington and Oxford miss out on!

I fully support this planning application.
