Comments	<input type="text" value="The stadium will be an infrastructure which is desperately needed in Oxfordshire. Not only a new home for OUFC but facilities for the local community to benefit from. When was the last time Oxfordshire invested in a sporting development? It's about time! So many local groups will benefit from the build. It's location makes it easily accessible and the attention in the planning to make it as 'Green' and sustainable as possible has been outstanding!"/>
