Comments	<input type="text" value="I object to the planned stadium build. The likely disruption and noise created by years of building, then increased traffic on match days is worrying, as is the impact on nature, possible flooding, reduction of green space. If you look at the Yarnton/Kidlington area there is already so much being built or planned that we are increasingly being hemmed in on all sides. The stadium build is also unnecessary- there's already the Kassam. In my view there's nothing wrong with that as the home of Oxford United. There was a survey of local residents and I believe the majority did not want the stadium being built here."/>
