Comments	<input type="text" value="Hi,

I am writing to support this application. In 2024 the existing stadium is essentially impossible to get public transport to - it is miles from the station and bus routes. I have to attend games in my car and would much rather use the train and the proposed stadium would allow me to do this for every game.

Oxford United bring a lot of benefits to a community and this for me outweighs a bit of traffic for 20m at 5pm every other week for 9 months of the season.

Please don't kill the club by rejecting this proposal.
