<b>Comments</b>	<input type="text" value="This is a fantastic opportunity for Cherwell district council to have a Top class sport venue for Oxford united in their area. Oxford united is the biggest sports team in Oxfordshire, with a fantastic following that goes around the world. Oxford united want to support sports in the community and this can be a bonus for Kidlington and local area to have improved sports facilities supported by a fully professional club. Along with football comes the bonus of the increased spending locally by supporters increasing revenues for local businesses. Also a venue that can hopefully be used for many other events commercially, all of which brings support to the local businesses. I am in my 60's and my family &amp; friends follow Oxford United, I have been attending for years and have found that Oxford want to build a stadium that is for families', Future supporter along with being fully inclusive. Commercially I see nothing but benefits for Cherwell district council, Let's get this done and built over what was once just a waste land and Motocross track ( Yes I did ride there ! ) I think we can honestly say if this is not built it will be sold off for Housing. So I ask you to support this opportunity and not allow OUFC to become history."/>
