Comments	<input type="text" value="Oxford United Football Club has been at the heart of the Oxfordshire community since 1893, without this new stadium the club is likely to fold. This is an unthinkable tragedy, not just for the supporters but for the local sports clubs, schools and communities who are all linked to the club and benefit from the club. Nobody will gain anything from the club folding, but thousands around the county will lose so much from the club no longer existing."/>
