<b>Comments</b>	<input type="text" value="The opportunity to build this stadium is too good to miss. Its position needs to be near to Oxford and the infrastructure surrounding it I personally cannot see any problems with this. I accept some people will want to whinge about this but this is today's society for you. This will be a County wide asset the like we may not see again. As an Oxfordshire referee for 30 years I feel I have contributed in my time to Oxfordshire Football so my opinion is to support this application. I am free to be contacted anytime to discuss this matter further if required. Please support this application. Thank you Paul Harper."/>
