Comments	<input type="text" value="I am in full support if the new stadium being built on 'The Triangle' in kidlington as I feel the village needs a boost and anything that helps the community can only be seen as a bonus. I am a recent convert to attending football matches and have only seen positive things. It is a very family oriented event and people have been exceptionally friendly. Normally I get the bus from kidlington (subsidies by the club) which is easy and cheap so I hope this continues. Today I am taking my husband and know two if the mascots who are beyond excited and from what I hear are beyond excited and supported by the club. It's a lovely day so hoping for a great win. I will be more than happy when the stadium opens as I can then walk but the situation so close to train and bus seems perfect situation. I offer admiration to supporters as attending a match costs time and money. You only have to look at the amount of yellow merchandise in the crowd to see how much support there is. Please do the right thing as if this stadium doesn't go ahead I can only see the loss of a great sporting venue and have real fear that the land will be used for even more housing"/>
