Comments	<input type="text" value="The road system in and around kidlington was not fit for purpose 10 years ago and certainly isn't now .
It will not cope with an 7500 new houses going up in kidlington , begbroke , yarton,that's a min of 7500 new cars going on the roads and then ac16000 stadium but make no mistake will be used 365 days of the year no matter what they say plus there's talk of road closures and there will certainly be parking in the streets of kidlington as there is not much parking in the park and rides on Saturday .I've checked 900 spaces.
I've lived in kidlington for 40 years we have a Loverly village and I want it to stay this way .
At present the stadium is away from shops , pubs , restaurants with no trouble if it moves to kidlington they will have everything to encourage trouble.
If it does go ahead at lease when it goes wrong I can say I told you so."/>
