| Comments | <p>Thank you for the opportunity to save our wonderful football club, community icon and something that has given so many tens of thousands unbridled joy through the years.</p> <p>As a firm believer in community I know of no other organization in oxfordshire that does as much for our community nor one that binds so many people together in common joy. The heritage and intrinsic value of Oxford United cannot be underestimated and it's brought great joy to me and my family over multiple decades.</p> <p>It makes me proud to know that we are now leading the world in providing a landmark stadium that will show others how an environmentally friendly construction can take place and enable medium scale sporting events to be put on with minimal use of the car.</p> <p>I've read recent concerns that a potential minor road closure may stop this project. Apart from the fact that this is allowed all over the country at other events, it would baffle me that we would prioritize the car user over public transport users during this climate emergency. As a green voter, I hope we will be bold in supporting this moment of human progress rather than hiding behind tenuous ideas of small nuance.</p> <p>Good luck in the process and thank you for your service to the public sector .</p> |
