<b>Comments</b>	<input type="text" value="The football club is an integral part of the community, I have a parent who has significant mental health issues and the security of football that I can attend with him is imperative to his and a large number of peoples health.&lt;br/&gt;&lt;br/&gt;The current facilities are awful and the club cannot sustain the current financial pressures.&lt;br/&gt;&lt;br/&gt;The club requires the security going forward and although any application needs to be viable for all parties and financially secure the need for a safe/secure/stable facility will support the long term future of the club and the fan base who use it&lt;br/&gt;&lt;br/&gt;As someone who plays football in kidlington at the leisure centre the pitches are awful and the plans for a whole development with not only a stadium but supporting facilities will help the community remain fit and healthy and reduce the demand on public services&lt;br/&gt;&lt;br/&gt;The transport routes are an important issue and due consideration needs to be taken on any planning application but the impact of not having abground and football club in the future will be detrimental to thousands of fans who use it as a way of escaping and forgetting life's stresses for 90mins a week"/>
