<b>Comments</b>	<input type="text" value="As a local Kidlington resident, I just wanted to register my support for the new Oxford United stadium at the Triangle. It will greatly benefit the community as a world-class sporting facility - something the region desperately needs - in the perfect location both geographically and logistically. It will also boost the economy in the area.&lt;br/&gt;&lt;br/&gt;Football holds a special place in many family's hearts, including my own. I have a young son and cannot wait to take him to the football at the new stadium and make precious memories when he is old enough. The concerns of others on any trouble that may arise from the football are overstated and founded on old-fashioned notions of what the football is like. I regularly go, and the atmosphere is very family friendly - it is a wonderful day out. Oxford United is an essential part of the identity of the region to many of us, so it is vital that the new stadium be built to guarantee the longevity of the club far into the future. It will also be an environmentally friendly and sustainable home for the club in a way the Kassam Stadium is not"/>
