Comments	<input type="text" value="Having been born in Oxford and being forced to move out due to excessive house prices, and have seen every effort Oxford United have made to relocate since the early 1960s thwarted by successive councils. Oxford United is an asset of the residents not just of Oxford City but the wider County and beyond . This site is ideal due to its proximity to Oxford City but also close to major road infrastructure and with the added bonus of being close to a railway line. Come on , give this application full support. Think of the wider community and afford them the same support that Oxford University seems to get over all their planning applications."/>
