Comments	<input type="text" value="Born and bread in Oxford, I'm 51 and we only had 1 move from manor Headington to kassam stadium blackbird leys.....kassam is outdated with 3 stands.....with new stadium and new amenities it will create jobs and opportunities for local people and bring trade to local pubs and trades on match day, and bring oufc and the next generation of players through to be next 1st team player youth and new is the key.....why object if you don't move with the tide your journey stays still....nothing to lose.....football like fine dining to play or eat the best you have to offer the best you can to attract the superstars to eatat your restaurant or have a good stadium and facilities and ambition to attract top players at the highest level...and we will own it on a long lease.....listen to people who are Oxford people not councillors who ain't local and not a clue....instead of objecting against something that will benefit the next 100 years of youth and jobs for local people get it done....instead of causing shop closures and traffic headaches for locals by getting moist by installing ltns and cycling lanes.....take University's away and my club then Oxford dead....and University don't do nothing for locals...they fook off every 3 years.....oufc"/>
