This is about community. This is about friendship. About helping people's mental health and providing release or a focal point in leisure amongst busy lives. It's also about jobs. It's about opportunity. It's about how others perceive Oxfordshire as a place to live and a place to do business. And it's about the work of the Oxford United Community Foundation in providing opportunity and enjoyment for many who might not have these chances without this support. Many Oxford fans (and I am one) fear that if we do not achieve our aim of securing a new stadium this will put the very existence of Oxford United in jeopardy. I support the application for the reasons stated and strongly encourage you to support the stadium project."/>
