Comments	<input type="text" value="The owner of the current stadium is terminating the lease in 2026. This leaves Oxford United having to look for a new home. Despite many searches, identifying a suitable site for a multi use stadium has proved very difficult. The 'Triangle' site is an opportunity for the club to have its own stadium and provide facilities and employment for many people. This is an opportunity that if missed, there will be no Oxford United in the future as well as much needed facilities and employment. I accept that there are still hurdles to clear, but these are not show stoppers. I urge the council to support the planning application and allow the stadium to be built."/>
