Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="As a supporter of Oxford United, I firmly believe that the proposed new stadium will deliver substantial benefits to our community and the club. The project promises to boost our local economy by creating new jobs during construction and in ongoing stadium operations and by drawing more visitors whose spending will support our local businesses. I believe the stadium will also act as a vital community hub, providing space for events, educational initiatives and social gatherings that will strengthen community ties. For Oxford United, a modern facility will elevate the team's performance whilst improving the matchday experience for fans with superior amenities and seating. This stadium is not just a development project; it is a potential cornerstone for our community's economic and social growth as well as a beacon of pride and success for our beloved club.

Please support this application to save our club and community."/>
