Comments	<input type="text" value="Oxford Utd are the lifeblood of our county, our only professional sports team and one I've been a proud supporter and season ticket holder for over 20 years. My grandfather has been a loyal supporter for over 80 years and instilled support of this wonderful football club throughout our family.

Our club does not exist without this new stadium. Our country loses its only professional sports team without this stadium. Loyal supporters lose their lifeblood without this stadium. This stadium is a wonderful opportunity for our county, to promote professional men and women's football to the next generations of Oxford Utd fans. Not only will the local economy benefit for decades to come, the stadium will be built in line with net zero standards and be biodiversity net positive, to what is currently a wasteland.

Please, I implore you to give support to this stadium planning application, and give Oxford Utd hope for a wonderful future.

I am fully behind and in support of the new stadium at The Triangle."/>
