<b>Comments</b>	<input type="text" value="The new stadium is needed for the many people it brings joy and the community the club creates. It's the thing many of us live for and even more socially. Without the new ground it'll leave oxford without a ground when the lease is up and therefore no oxford. The location, jobs, and infrastructure being put in place to benefit the local community with the proposed stadium plans is unbelievable and shows that the local area really will be put first."/>
