Address	<input type="text" value="13 Nurseries Road,Kidlington,OX5 1AN"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="As a Kidlington resident for over 40 years I feel that the benefits of the proposal hugely outweigh the disadvantages. I fully support the proposal.The stadium would bring many opportunities to the people of Oxfordshire and surrounding counties.There are very few opportunities for the young people of the area and this would provide them with state of the art training facilities and additional pitches etc.. The stadium could be used for various community activities which again would give opportunities for many people to become more actively part of the community.The design has been well thought through and is pleasing to the eye.As long as traffic can be well managed,without closing roads,I can see no reason why matchdays would not run smoothly."/>
